

FIRST THERE, NO MATTER WHERE

INTERNATIONAL MEDICAL CORPS IS A GLOBAL FIRST RESPONDER

We provide training and deliver emergency health care to those affected by conflict, natural disaster and disease, no matter where they are, no matter what the conditions.

International Medical Corps was founded by volunteer doctors in 1984 and grew quickly to meet medical needs all over the globe, distributing some \$2.5 billion in program services in over 75 countries. Our goal is to enable communities to help themselves.

International Medical Corps trains people in their communities, providing them with the skills needed to recover and move from relief to self-reliance.

Every dollar you contribute unlocks on average an additional \$30 in grants from institutions and donated medicines and supplies, so your gift goes even further.

ABOUT INTERNATIONAL MEDICAL CORPS ...

“In so many places that I’ve been, I’ve seen International Medical Corps right on the front lines, with their sleeves rolled up.”

— ANDERSON COOPER, CNN

“They directed more than a billion dollars in assistance and training worldwide. They touched millions of lives ... ”

— MICHELLE OBAMA

“International Medical Corps mounts a quick response to a crisis ... They really have helped people move from relief to self-reliance. That is truly what sets them apart.”

— HILLARY CLINTON

“The people of International Medical Corps ... heroes all, they are beacons of our ever-besieged humanity.”

— NEW YORK TIMES

For more than 30 years, we have responded to nearly every major man-made or natural disaster around the world. We will continue this proud tradition of support, and hope we can count on your help to prepare for tomorrow’s emergencies and our ongoing work with Syrian refugees, and in places like Nepal, Haiti, Afghanistan and South Sudan.
