

HURRICANE DORIAN RESPONSE

BAHAMAS, NORTH CAROLINA & FLORIDA

JANUARY 2020

HURRICANE DORIAN: TIMELINE OF EVENTS

AUGUST 24, 2019

The National Hurricane Center issued its first advisory about Dorian.

AUGUST 28, 2019

Dorian becomes a Category 1 hurricane, hits the Virgin Islands and grazes Puerto Rico.

AUGUST 30, 2019

Dorian strengthens to a Category 4 storm as it heads toward Florida. *International Medical Corps deploys to Florida in preparation for landfall.*

SEPTEMBER 1, 2019

After shifting, Dorian strikes the Bahamas, making landfall as a Category 5 hurricane. *International Medical Corps Florida-based team pivots, deploys to the Bahamas within 48 hours.*

SEPTEMBER 6, 2019

Dorian hits North Carolina's Outer Banks as a Category 1 storm. *North Carolina Department of Health and Human Services requests International Medical Corps support for communities on Ocracoke Island left without access to healthcare.*

EMERGENCY OVERVIEW

FLORIDA

Anticipated to hit as a Category 4 storm, with winds up to 140 mph

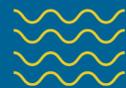

State of Emergency declared for 26 counties in the potential path

Potential multi-day event

NORTH CAROLINA

7-foot storm surge

Entire island of Ocracoke affected: 650 people stranded with no water, power or communication

200 homes destroyed

Public access to the island closed for 2+ months

Parts of North Carolina Highway 12 were destroyed by Hurricane Dorian.

EMERGENCY OVERVIEW

BAHAMAS

70 deaths

Winds of 185 mph

Stalled over the northwestern Bahamas for 60+ hours

Unparalleled level of damage to Abaco and Grand Bahama islands

Storm surges as high as 25 feet

Power still not fully restored

13,000+ homes destroyed; at least 6 health clinics damaged or destroyed

In Grand Bahama, nearly 25,000 people—roughly half of the island's original of 51,000 individuals—remain, struggling to recover and rebuild

Remains of the High Rock Community Clinic on Grand Bahama.

MEET THE SURVIVORS

Aaron, 10 years old, clung to a pine tree for the last five hours of the three-day storm, after his home flooded and he could no longer stay in the attic. His mom, Lanelle, is partially blind. She barely survived the storm, holding her young baby above the rising water for the entire storm.

“A lot won’t come back,” **Tina** said, speaking of her neighbors in McLeans Town. “But I’m going to rebuild—this is my home.” Tina managed to get out of town before the storm hit, but it took her house.

Joe watched helplessly as his cousin, Philip, and Philip’s three children were swept out to sea by Dorian’s powerful waves. Though International Medical Corps doctors found Joe in good health, all was not right with him. “My body’s okay,” he said. “But my head and heart are not.”

Aaron and his mother, Lanelle.

INTERNATIONAL MEDICAL CORPS RESPONDS: **FLORIDA**

PRE-DEPLOYED FIRST RESPONDERS at the request of the Florida Department of Health

6 MEDICAL STAFF deployed to Medical Needs Shelter in Palm Coast

127 MEDICAL CONSULTATIONS providing healthcare, including addressing chronic disease conditions, dialysis needs

Volunteer nurse practitioner Catherine Friesch with Palm Coast resident Byron Howard.

INTERNATIONAL MEDICAL CORPS RESPONDS: BAHAMAS

Ministry of Health requests deployment of **WHO EMT-TYPE 1 EMERGENCY HEALTH FACILITY** to Grand Bahama island

15 doctors, nurses and first responders arrive in 72 hours

International Medical Corps **SETS UP EMERGENCY HEALTH FACILITY IN HIGH ROCK**, where the only health center in the area was destroyed

WHO EMT Type 1 health facility can provide up to 100 patients per day with medical care

INTERNATIONAL MEDICAL CORPS RESPONDS: **HEALTHCARE**

Hurricane Dorian damaged health centers and facilities across Grand Bahama and Abaco, leaving affected families and individuals with limited, if any, access to critical healthcare.

1,000+ MEDICAL CONSULTATIONS
in the first 60 days

100+ VOLUNTEERS AND STAFF deployed

15,200 LBS of medications and equipment delivered

PROVIDING HEALTHCARE IN CRISIS:

DR. MYRON ROLLE

Dr. Myron Rolle is a Bahamian who's considered a national hero in this small island country—a native son who has succeeded on the larger world stage as a Division 1 and NFL player who also was a Rhodes Scholar at Oxford University before he went to medical school to become a neurosurgeon.

A response volunteer employed with Massachusetts General Hospital, Dr. Rolle deployed with International Medical Corps for a two-week rotation on Grand Bahama island. While there, Dr. Rolle helped treat an array of conditions, serving as an inspiration to those he treated.

Pictured here (L to R) are Carlyne Haase, Dr. Myron Rolle and Dr. Tara Sood.

INTERNATIONAL MEDICAL CORPS RESPONDS: WATER, SANITATION AND HYGIENE (WASH)

Hurricane Dorian damaged or destroyed WASH services and infrastructure. Floods inundated sewage systems and contaminated inland water sources. International Medical Corps has:

Provided access to clean water and sanitation for **75 PEOPLE DAILY**

Installed **4 LATRINES AND 3 SINKS** in High Rock emergency health facility

Delivered **531 HYGIENE KITS** and **79 WATER SURVIVAL KITS**, reaching **3,265 INDIVIDUALS** with hygiene and water needs in Grand Bahama and Abaco

TRAINED 130 HEALTH STAFF AND COMMUNITY MEMBERS on safe water and hygiene across Grand Bahama, Abaco and Nassau

INTERNATIONAL MEDICAL CORPS RESPONDS: MENTAL HEALTH AND PSYCHOSOCIAL SUPPORT (MHPSS)

To help women, men and children experiencing grief, loss, stress, sleeping disturbances and survivors' guilt, International Medical Corps has:

PROVIDED 417 PEOPLE with psychosocial support and mental health awareness

TRAINED 68 SERVICE PROVIDERS on psychological first aid (PFA), self-care and positive coping mechanisms

TRAINED 10 emergency medical technicians on PFA

CO-CHAIRS THE MENTAL HEALTH AND PSYCHOSOCIAL SUPPORT SUB-WORKING GROUP ON GRAND BAHAMA to ensure coordinated response and referrals for care

STORIES FROM THE FIELD

International Medical Corps deployed mental health and psychosocial support specialists on Grand Bahama island to support local mental health efforts aimed at helping survivors cope with their many losses.

“

Many individuals lost loved ones, saw their homes wash away and experienced the intense fear of watching waters rise around them and sensing that their options for escape were disappearing. The loss affected the entire community, as even those who didn't experience personal losses are grieving the impact to their neighbors, friends, colleagues and hometowns.

Destruction near High Rock from Hurricane Dorian.

BUILDING BACK BETTER: RECOVERY IN GRAND BAHAMA

International Medical Corps is supporting the longer-term recovery needs in Grand Bahama.

HEALTH

As the government of Bahamas continues to recover from the damage of health sites, teams are:

- Setting up a hurricane-resistant static clinic in High Rock, to provide long-term healthcare
- Deploying a mobile medical unit traveling to isolated towns on the eastern part of the island to provide primary healthcare

MHPSS

As individuals continue to deal with the impact of Hurricane Dorian, we are continuing to:

- Increase services focusing on individual wellbeing, self-care and peer-to peer support
- Provide training to build capacity in mental health interventions for health and social service staff
- Lead coordination and referrals for mental health care

WASH

As systems continue to come back online, International Medical Corps is:

- Installing backup water systems in health facilities
- Supporting waste management in communities and health facilities
- Training health staff on waste management and infection prevention and control

TRAINING

Training underpins all we do:

- International Medical Corps has trained 34 community health volunteers, to increase awareness of health, hygiene and basic psychosocial support for 5,000 people in Grand Bahama

BUILDING BACK BETTER: **BUILDING RESILIENCE ON** **OCRACOCKE ISLAND**

The North Carolina Primary Care Association requested assistance with the destroyed health center on Ocracoke—the only health center on the island. International Medical Corps is:

Prioritizing rehabilitation,
equipment replacement, supplies

Training health center staff for
future hazard planning

THANK YOU

to our supporters
and the generous
foundations,
corporations and
individuals that
donated to our relief
and recovery efforts.

THANK YOU

With your generous assistance, International Medical Corps is supporting **25,000 PEOPLE** across the Bahamas and North Carolina with Hurricane Dorian relief and recovery efforts.

Thank you for your support as we work to assist those in urgent need anywhere, anytime, no matter what the conditions.
